The Future of Modern Shower

If you feel the model looks more like should be on a spaceship.
I say yes, it creates a technological space belong to you only.

Modern industrial products go to be humanized.
It goes in for different design on product figure,
it needs both fashionable sense and feel of the science and technology.
Gentory has tried different positions and accessories for your best use.

LET NATURAL
GO HOME

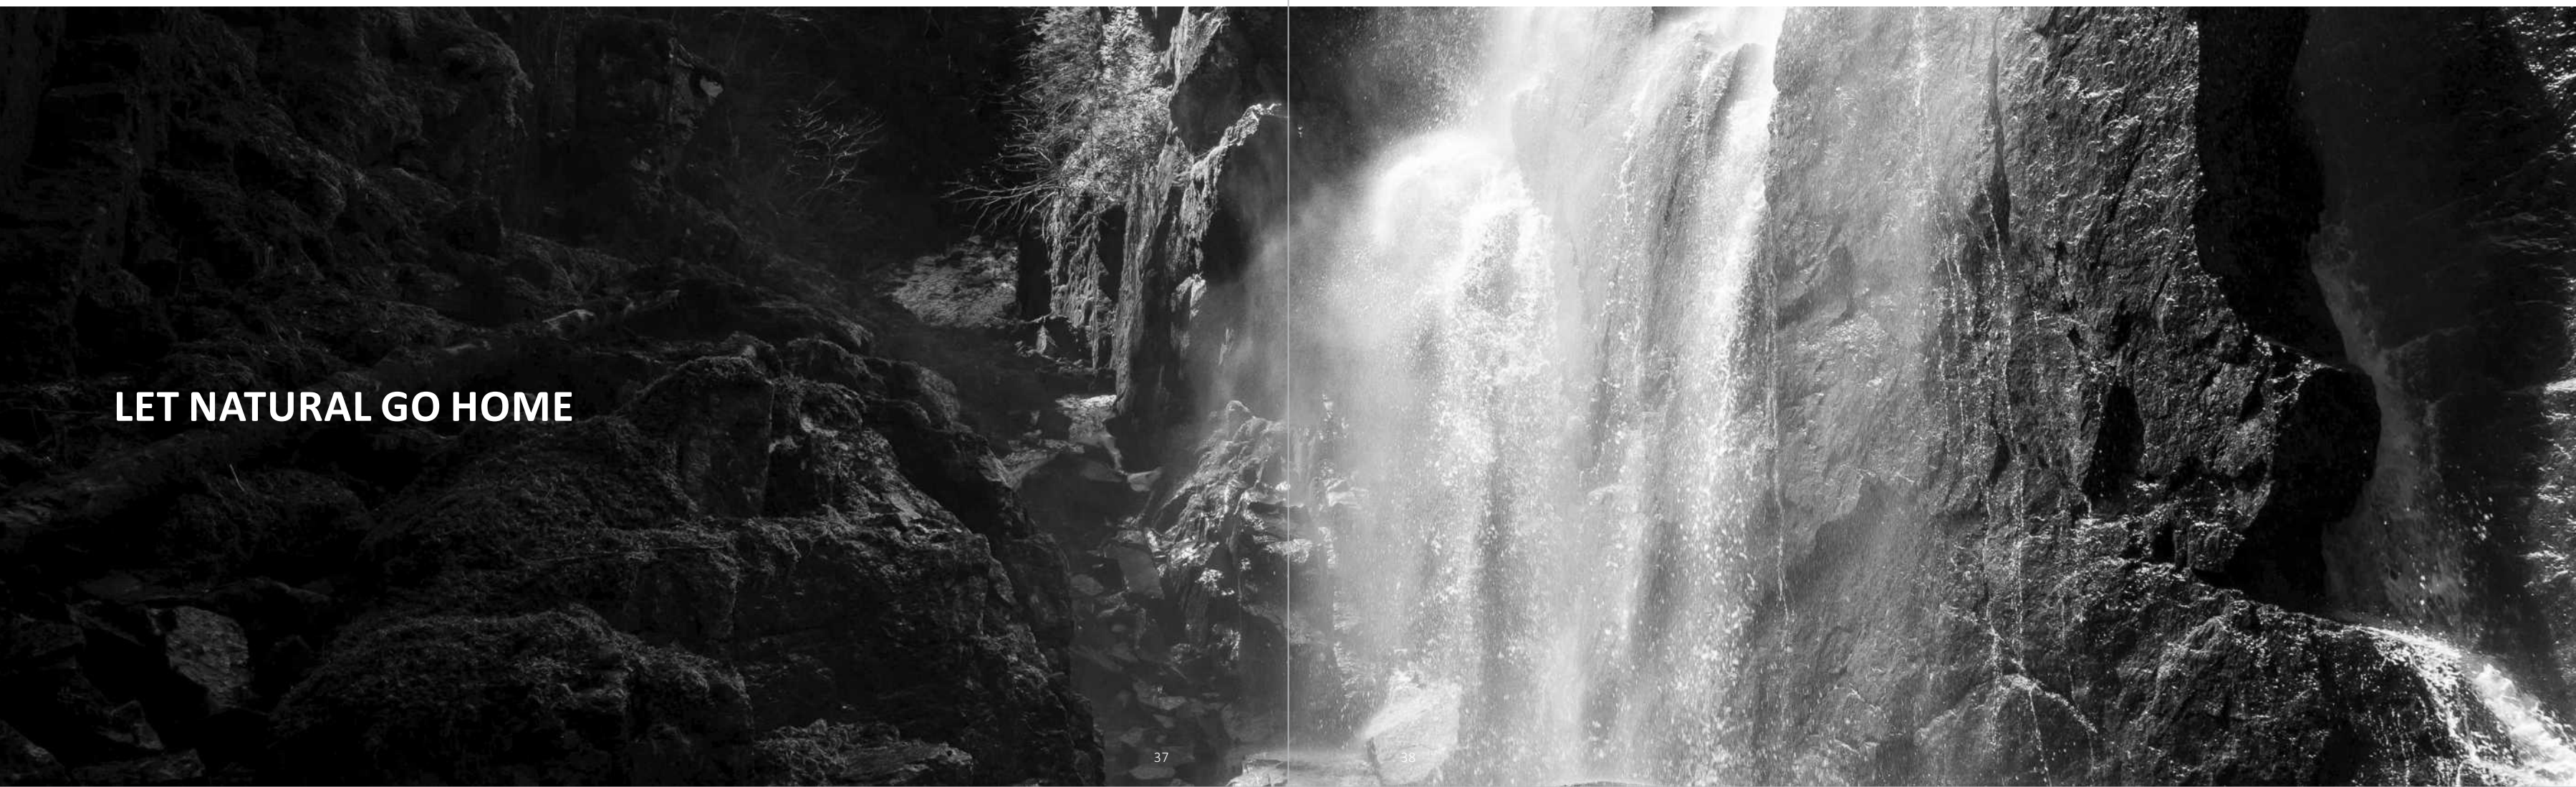

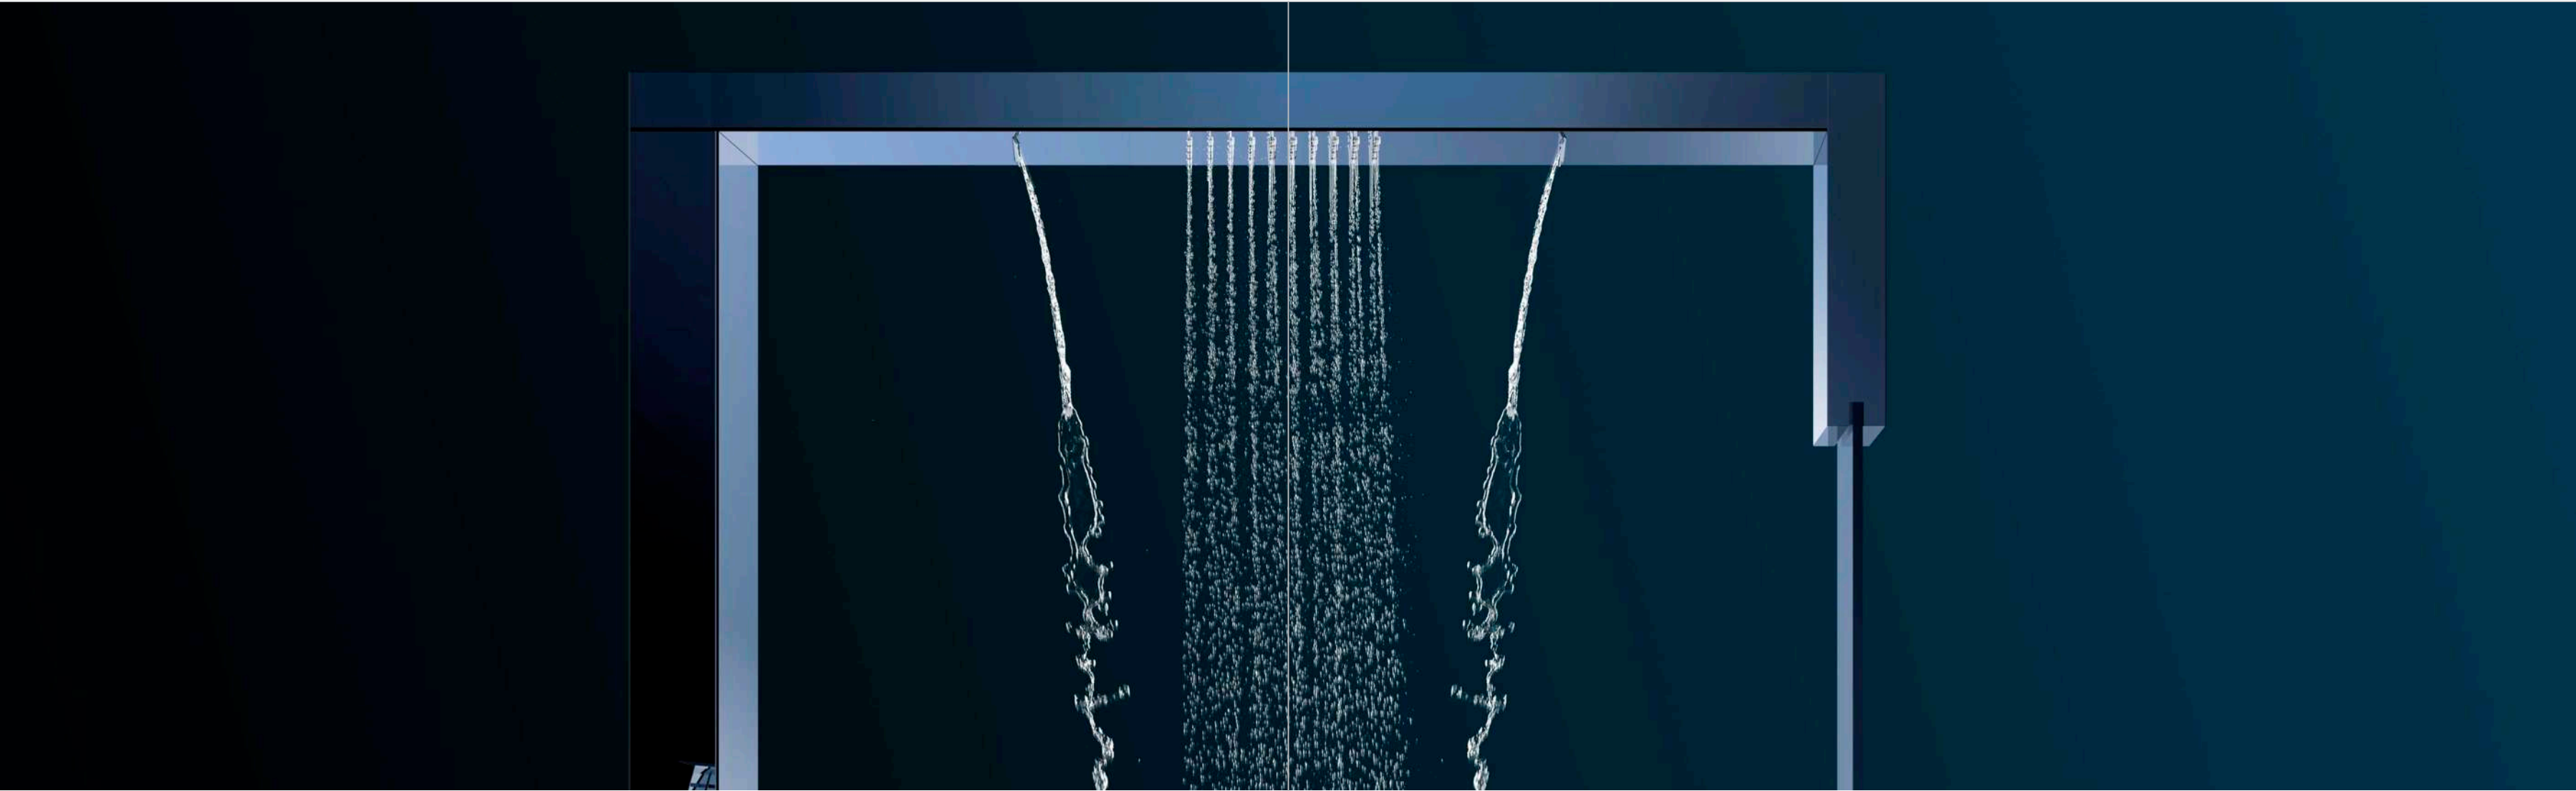

GS002 | 1200x200mm | #304 8K mirror finish stainless steel

Let love go home

Ordinary moment worth more!
You make plans for the future every year
you pay bills and rush off to work every day
But most importantly, you savor the moments-the unremarkable,
wonderful moments.
The warmth to make the bathroom your home.

Let love go home

Let natural go home

We found three most natural way to enjoy the shower.
One say the raining, one say the waterfall, another option is the model in front of you.
Which combine wide cover rain shower and double waterfalls on the top side, leading
you back to the rainforest.

GS003 | 1400x200mm | #304 8K mirror finish stainless steel

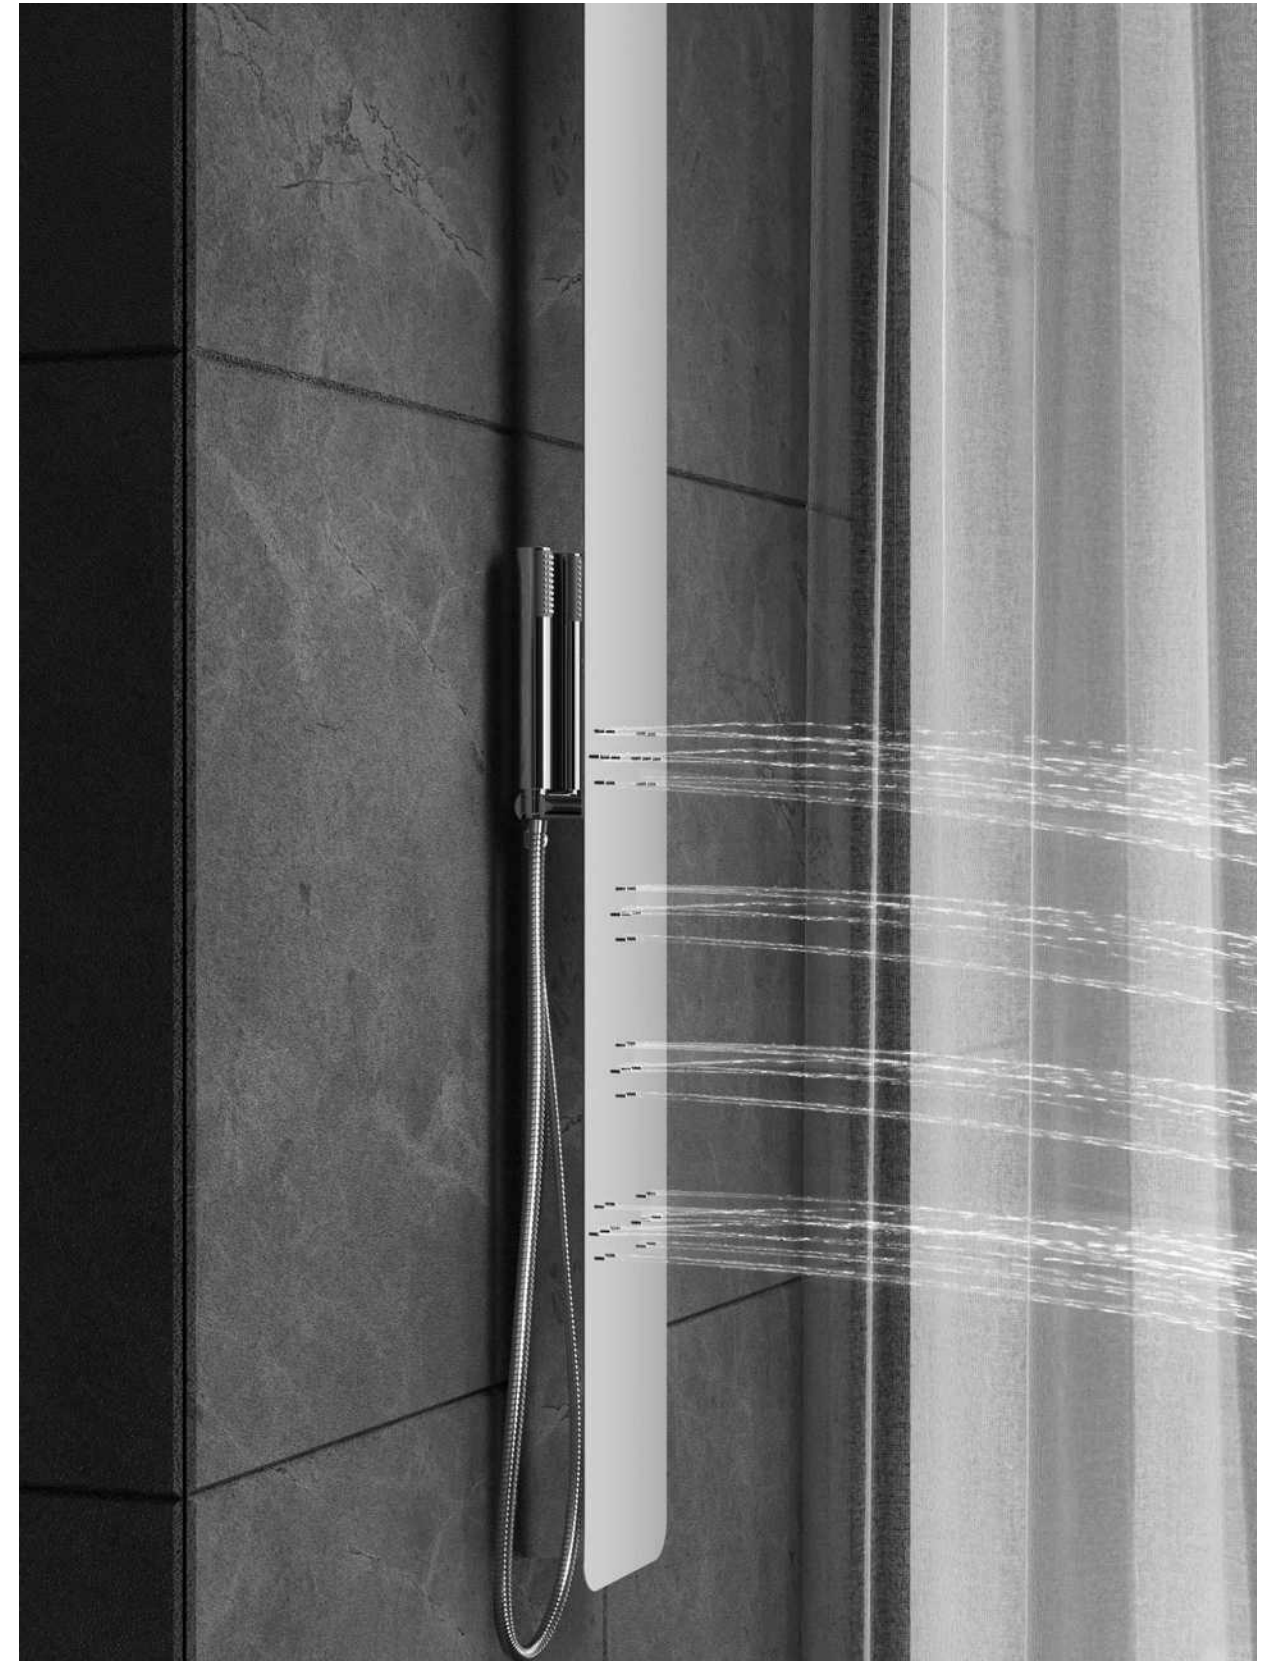

Be clear no embellish

Be clear no embellish

The three-dimensional shower space is structured by pieces vertically and level ways.
You will feel abundant water flow from the top and back, warm you up or cool you down since the second you turn on the valve.

Be clear no embellish

Shower should be passionate.
Let's turn on the source of joy, to feel the romance of
the wine and mysterious from the black.
